

More Funds Are Sought to Carry Recreation Work

The Canyon Community Recreation Council is asking the citizens of Randall county for \$5,000 to carry on the Recreation Program during the coming year.

Cecil Massey came to Canyon one year to organize the first recreation program in Canyon. In spite of the fact that Canyon is the smallest town in Texas with such a program, it has been carried on very successfully during the past year through the united efforts of Mr. and Mrs. Massey, both of whom are well trained and qualified to carry on the program.

A limited number of organizations in Randall county carried the financial obligation for the past year.

Officers of the Council are asking these groups to continue their support of the recreation program during the coming year, but in addition the council is calling upon all other individuals and firms of the community to assist in the financial program of the program.

Letters are being mailed to all parents of children who participated in the recreation program during the past year. It is hoped that each one of these parents will make a contribution to the fund of the organization for the coming year.

A meeting was held Tuesday night in Canyon at which time the financial campaign was organized and workers started in raising money toward the \$5,000 goal.

It is requested that citizens who are interested in the work of recreation not to wait until a solicitor comes along to ask for funds but that they shall respond by sending in their checks at once.

Appropriation Bill Will Be Completed By End This Week

According to word from Austin work of the free conference committee on appropriations for the state of Texas will be completed by the end of this week.

Virgil Henson, business manager of West Texas State, is in Austin this week to look after the welfare of the institution.

Three important decisions will be made by the free conference before the bill is finally acted upon:

1. The amount to be allowed each college. The Senate has allowed more than the House.

2. Whether the appropriation will be in a lump sum, or the bill itemized. The House has passed an itemized bill, whereas the Senate has given the Boards of Regents authority to spend the money where it is most needed.

3. To dispose of crippling riders which have been added to the appropriations measures. Both the House and Senate have attempted to regulate existing state institutions through these riders, giving the boards of regents and administrators little to say about funds which are being appropriated.

The Comptroller has come up with another estimate of taxes which is \$65,000,000 above the estimate that he made at the opening of the legislative session. He estimates now that only \$15,000,000 in new taxes will be needed for operation during the coming two years.

One Bill Passed by New Grand Jury in First Meeting

One indictment was voted Monday by the new grand jury which was empaneled for the coming three months.

This bill is against the check forger who passed a hot check in Canyon several months ago. He is being charged in several other Panhandle towns on the same offense.

The new grand jury is composed of the following: Dr. Lee Johnson, foreman, W. C. Angel, Ralph Barclay, G. J. Bonds, Hugh Currie, K. L. Britt, Clay Cooper, Fred L. Radcliff, Grady Stubbs, Wilford Taylor, Jr., E. M. Myers, and Morris Abbott.

Help, Help, Help Wanted in Early News and Ad Copy

Fortunately, very fortunately indeed, not all people in Randall county are inconsiderate regarding their copy on news and advertisements. Most folks are getting their copy in on time. A few are delaying copy on both news and advertisements.

It takes time, a lot of time to get out a newspaper.

If all our friends were late with their copy, week after week, we would never be able to get out an issue of The Canyon News. That would be bad, very bad, for all people of the county.

Harden Worked In S. S. For Past 50 Years

W. H. HARDEN

W. H. Harden was honored at the Texas Baptist Sunday School Convention in Amarillo for his 50 years of active work in Sunday School work.

Mr. Harden started his career in the Baptist Church in Mississippi where he served for 25 years, and has closed his 25th year of active service in local Baptist Church. For 23 of his 25 years in the old home church he was superintendent of the same Sunday School.

Since coming to Canyon 25 years ago, he has served constantly either as superintendent assistant, superintendent or teacher.

On May 1 Mr. Harden will reach his 68th birthday, but he is as active as any man in Canyon of 50 years of age.

Mr. and Mrs. Harden have five children, all of whom are active workers in the Baptist Church. They are:

Mrs. Ishmael Hill (Stella) of Lubbock, where Mr. Hill is assistant superintendent of the public schools; Braden Hill, teacher in the Eunice, N. M., schools;

J. L. Harden, business manager of Wayland College of Plainview; Mrs. Farest Hill (Navis) teacher in the Horace Mann school of Amarillo;

Mrs. Billy Joe Hunter (Sunny) who's husband is employed in the Griggs Funeral Home.

All of the five children are graduates of the Canyon public schools and of West Texas State.

There are eleven grandchildren, including twins, born to Mr. and Mrs. Hunter.

Mr. Harden has been a partner of G. B. Heath since 1930.

John Knight Observed His 85th Birthday

On Tuesday, April 17, Mrs. Pat Wederbrook and daughter Vira Jones of Hereford and Mr. and Mrs. W. B. Hicks of McLean visited in Canyon with their father, John Knight, who celebrated his 85th birthday on that day. On Monday morning Mr. and Mrs. Hicks, enroute to Ceta Canyon, visited Mr. Knight for a little while.

Fly Casting to be Taught as Part of Recreation Program

Wonta be a better fisherman !!! Plans for a fly casting class for men and women are being made by the Recreation Class at West Texas State and the Community Recreation Department.

T. H. Knight will be the instructor of the class, and sessions will be held at the indoor pool at West Texas State. A definite date has not been set for the first meeting time, but will be announced in next week's News.

Second Fish Rodeo Is Being Planned

The second fish rodeo of the year has been planned for Canyon's tiny tots. Pre-school children and first graders are eligible to enter. There will be prizes for everyone.

The date for this event has been tentatively set for Friday, May 4, at 7:00 p. m.

The second fish rodeo is being planned by Miss Jane Darland's recreation class and Cecil Massey, local recreation director.

Mr. and Mrs. George Howard and son visited in the parental Silas Hart home over the week-end. Mrs. Howard, the former Geraldine Hart, teaches public school music in the Shamrock school and has been re-elected for another term.

Hope To Finish W. T. Gymnasium by Middle October

"Work on the new gymnasium will be completed by October," stated Coach Gus Miller Saturday. That is, the contractor has promised that the building will be completed by that time and turned over to the Buffalo basketball team for use, states Miller.

Work on the building has been delayed for about 10 months, because of material and labor shortage.

Throughout the winter when there should have been 20 to 25 bricklayers at work on construction, the number has varied from none to half a dozen. Frequently the brick crew has averaged only three or four.

Neill Singleton, general contractor, sublet most of the contracts on the building. The general and sub contracts were let before the increase in prices wiped out all of the margin that could have been made on the building. Various estimates have been made as to the probable loss which will be sustained by the various contractors on the construction.

The gym was planned to be completed in time for the basketball season of this winter. As a result of delays all home games were played in Burton Gym. The schedule for the coming season is being made on the basis of a completed building where there will be adequate room to seat all of the spectators, and to furnish the players all of the conveniences which are offered by the big colleges of the nation.

Coach Gus still has his fingers crossed, and occasionally knocks on wood when stating that the building has been promised for October use.

First Spraying in Canyon Will Be Done in Week

Canyon will be sprayed with DDT Wednesday or Thursday, depending upon the weather. This will be the first spraying of the season.

Dr. Robert P. Jarrett, City Health Officer, states that by spraying every two weeks during the summer flies should be kept at a minimum during the summer months.

A spraying machine was bought by civic clubs in Canyon last year but was put into operation too late in the season for the most effective results. By starting now before the weeds furnish protection as breeding places, flies should be reduced to a minimum during the summer months.

Wind Kicked Up Lot of Dust in Blow on Friday

One of the worst dust storms of the year hit Canyon soon after noon on Friday. For an hour the wind blew from the southwest in a gale which ranged up to 55 miles per hour.

After an hour of blow the wind subsided and the weather remained pleasant, with the exception of a 15 mile per hour wind, which kept the dust in circulation.

No rain fell in this section, but a light rain was reported at various places over the Plains.

More dust hit the Panhandle Tuesday afternoon when the wind swept in from the Southwest at from 45 to 50 miles per hour. The blow continued all afternoon, but not as strong in gales as the Friday afternoon blow.

On April 24 twin boys were born to Mr. and Mrs. Leonard Baten-horst.

A baby son, Wilson Lavert III, was born to Mr. and Mrs. Lavert, Jr., on April 25. Mrs. Lavert and the baby are in Northwest Hospital, Amarillo.

Mr. and Mrs. Vance Pritchard of Blytheville, Ark., wish to announce the adoption of a baby girl, Rita Susan, who is nine months old. The Pritchards formerly lived at 1301 West 6th, Canyon.

Mr. and Mrs. G. W. Cone of Pampa are the parents of a son, Stephen Tooley, born on April 15. Grandparents of Stephen are Mr. and Mrs. Henry Cone of Canyon.

Oscar Eckhardt Died Sunday p.m. at Ranch Home

Oscar Eckhardt, 49, died suddenly Sunday afternoon at his ranch home near Yorktown. He had not been sick until a few minutes before his death. He complained to his wife of not feeling well, and said he would go outside the house for fresh air. He died before Mrs. Eckhardt could reach his side of a heart attack.

Oscar Eckhardt was one of the best known athletes ever to graduate from the University of Texas. He played football and baseball and was a star in both. He came to West Texas State as football coach after graduation and remained for three years. He was married to Miss Edith Harrison in Canyon on May 6, 1926. She is the daughter of Mrs. Ollie Harrison of this city, and the late Mayor C. N. Harrison.

Eckhardt played baseball with a number of the minor leagues and was called twice to the majors for tryouts. His unorthodox stance as a batter kept him out of the big time baseball. He played with the Amarillo club and a number of other minors before retiring to his ranch in South Texas.

The funeral services were held Monday afternoon at 4 o'clock in Austin, the former home of Mr. Eckhardt.

Jake Harrison, brother of the widow, flew to Austin for the funeral. Mrs. Harrison was unable to accompany her son but will go in a few days to be with her daughter.

Will Enroll for Summer Session West Texas State

Registration for the first 6-weeks summer session at West Texas State will be held Monday and Tuesday, June 4 and 5. Class instruction will start June 6.

Final examinations for first term work will be held July 13 with enrollment for the second term Tuesday, July 17. Final exams for second term work and commencement exercise will be held Friday, August 24.

Commencement exercises will be staged in Buffalo Stadium that night at 8 o'clock.

Housing reservations are now being accepted by Miss Ruth Cross, Dean of Women, and Mitchell Jones, Dean of Men.

AAUW Panhandle Group To Be Part of State Meeting

Panhandle chapters of the American Association of University Women will be represented at the 25th anniversary state convention of this organization to be held in Galveston April 26 to 28. Among the chapters sending delegates are Lubbock, Plainview, Pampa, Borger, Childress, Amarillo and Canyon. Those attending from Amarillo include Mrs. Erwin Ochsner, Mrs. L. V. Dorsch, Mrs. H. D. Mann, Mrs. C. B. Beasley, Mrs. M. U. Lively, and Mrs. Earl Wyatt, state historian. Mrs. Ethel Shaw, branch representative, and Dr. Hattie M. Anderson, State Parliamentarian and State Fellowship Chairman, will go from Canyon. Dr. Anderson will be one of the speakers at the Fellowship Luncheon to be held Friday noon during the convention.

The Texas State Division unit has a \$40,000 Fellowship Foundation, besides an annual contribution that is now \$5,000. From this it supports an international fellowship of \$1,500, one national fellowship of \$2,000, and six international grants of \$500 each.

The Helen Marr Kirby International Fellowship has been offered annually since 1944. Six fellowships have been granted, the recipients coming from Palestine, England, Australia, Holland, Jerusalem, and Belgium, working in the fields of science, literature, drama, and history. The Margaret Lee Wiley National Fellowship has been granted twice to students from Stanford University and Columbia University in the fields of literature and art. It is interesting to note that Dr. Rebecca C. Patterson, daughter of Mr. and Mrs. Patrick Henry Coy of 119 St. Francis, Amarillo, was awarded this fellowship for her study on Emily Dickinson. Nineteen International Grants have been awarded to women from various countries including Greece, France, Poland, Finland, Italy, China, Siam, Denmark, Norway, Japan, and Luxembourg. The number of countries opened to grants has been enlarged from year to year.

Build, Buy, Live in Canyon!

\$2,006.81 Raised in Recent Red Cross Drive

The Randall County Unit of the American Red Cross is happy to report that a total of \$2,006.81 was contributed during the recent drive. The national quota was \$1100.00; sixty per cent of all above the national quota remains in Randall County to be used by the local Red Cross chapter.

Captains Marion Higdon, Miss Ruth Cross, J. W. Shook, Burney Slack, J. L. Gilmore, Mrs. C. O. Elkins, W. J. Wooten, Jr., W. E. Miller, Rev. W. J. Phelps and Louis Wieck and their lieutenants (approximately 80 of them) are to be congratulated on the fine job they have done.

Roscoe Davis, Randall County Chairman, and Milton Morris, Fund Raising Chairman, wish to express their sincere appreciation to the captains, their helpers, and to each individual contributor for helping to make this year's Red Cross drive one of the most successful ever.

Arrangements Complete For Style Show May 2

Arrangements are nearing completion for the Style Show on May 2, 8 p. m. at the Branding Iron Theatre, which is being sponsored by All Saints' Episcopal Guild. The Guild is raising money to help purchase a new organ for All Saints' Episcopal Church.

Summer fashions, cottons, playclothes, western wear, children's clothes, afternoon and evening wear will be shown by the participating merchants: Warren's, Palo Duro Dress Shop, McDonald Shoppe, Johnson's and Cheatham's. Three original designs by Carl Michell will also be shown.

Modeling for Warren's will be Randy Warren, Beth Jarrett, Mrs. James Murphy White, Mrs. W. J. Wooten, Jr., Mrs. Lindsey Taylor, Mrs. M. D. Shepherd, Mrs. Tommie Lair and Miss Betty Graham.

Palo Duro Dress Shop models include Mrs. Lee Foster, Mrs. Doris Tucker, Miss Joan Shockley, Miss Annette Pond, Miss Dorothy Nebbett, and Miss Charlotte Stephens.

Showing clothes for McDonald Shoppe will be Miss Debra McDonald, Miss Emma Liston Coleman, Miss Laura Glenn, Mrs. Leo Cooper, Mrs. Gladis Samples, Miss Betty McGeehe, Little Miss Frances Kiker and Little Miss Lorry Kiker.

Women's western clothes will be featured from Cheatham's and modeled by Mrs. Lee Roy Moreland and Mrs. Cecil Massey.

Featuring a new line of children's clothes, Johnson's will have as models, Scott Downing, Randy Brown, Jimmy Cooper, Toby Mahle and Scott Jennings.

William A. Moore of the drama department of West Texas State College will act as master of ceremonies and music will be by Gordon Suits of KGNK.

Stevens Floral Company and Stevens Flowers, and H. R. Greenhouse will show special corsages to be worn with afternoon and evening wear.

Admission to the Style Show will be \$1.00 for adults and 50 cents for children under 12. Tickets are on sale at Warwick Printing Company, Thompson Hardware Company, and at the stores which are participating in the show.

Mrs. O. L. Coleman is in charge of ticket sales. Due to the limited seating capacity of the Branding Iron Theatre, advance ticket sales are being stressed.

Wichita Train To Be Run Here First of May

Wichita, Kansas: Scotty McLean, Bagpipe artist of Wichita, a native of Scotland, will appear with the goodwill train of the Wichita Chamber of Commerce when it appears in Canyon at the Santa Fe Station, May 1, at 8:30 a. m.

Scotty has an international reputation as a piper. He has made his home in Wichita since the close of World War II. The goodwill train will bring 150 Wichita boosters in a train of 14 cars. They are visiting their neighbors throughout the Southwest on a four day tour.

Wichita has become an important airplane manufacturing center, but its first interest remains with the Great Southwest stock-growing, crop-producing and petroleum country of which it is a part.

Wichita businessmen will travel through parts of Kansas, Oklahoma, Texas and New Mexico.

Company F To Move to New Armory Soon

The new armory to house Company F is complete, and the military organization will move to its new quarters during the coming week.

Under the terms of the lease with Palo Duro Post, Company F has given notice that it will have vacated the American Legion building by May 15, thus terminating the lease. The Legion Hall has been the armory headquarters of the Company since its reorganization following World War II.

The new armory is located on 20 acres just east of Canyon on the highway to the Palo Duro State Park. This land is a part of the 200-acre tract which was bought by the city and county and deeded to West Texas State College for an air field.

The contractors finished their work on the building last Tuesday, but installation of partitions and lockers, together with painting the inside of the building is being performed by members of Company F in preparation to the moving.

Former Wayside Resident Dies in Arizona Thursday

Funeral services for R. S. (Sam) Fisher were held in Palm Chapel in Albuquerque, N. M. at 2 o'clock Saturday, April 21, 1951.

Mr. Fisher was born near Decatur in Wise County on July 25, 1891. When only a small child, he moved to the Wayside Community where he grew up. He was married to Lula Hare. They moved to California where he was engaged in the variety store business. After moving to Arizona they moved to a ranch near Sanders, Ariz., which was his home at the time of his death.

After a long illness, he passed away on April 19, 1951, in the Ganado Hospital, Arizona.

His survivors are his wife, four sisters, Jessie Fisher, missionary in India; Henrietta Johnstone of Greenwich, Conn.; Sibyl Willis, Briscoe, Texas; Winifred Spencer, North Narrows, N. H.; and one brother, Lem S. Fisher of Canyon.

Jury Turned Bill Morrison Loose

Bill Morrison of Borger was tried in District Court Monday on the charge of attempted rape.

The cases ended at 11 o'clock Monday night when the defendant was freed. The woman bringing the charge was also from Borger.

Stevenson Has Bought Building First National

Mr. and Mrs. T. S. Stevenson have bought the building now occupied by the First National Bank in Canyon, possession to become effective when the new building of the Bank is completed about July 1st.

Mr. Stevenson states that the first floor will be occupied by the Stevenson Investment Co., in which he will operate the real estate, loans and insurance business.

The banking house fixtures were included in the sale of the building. Stevenson has operated this line of business since he moved to Canyon in 1933. He has the agency for the DeSoto and plymouth cars, which will continue under the name of the Randall Motor Company.

The second floor has a number of apartments. Dr. E. J. Cundiff has his dental offices in the front suite, while Mr. and Mrs. Carl Hair have the back apartment.

No work will be done on the building until Mr. Stevenson gets possession.

Mr. Stevenson had considerable banking experience in Floydada before moving to Canyon.

Work is progressing in a satisfactory manner on the new banking house of the First National, which is under construction just north of the post-office.

Essay Contest Open To 4-H Boys; Prizes Are Purebred Pigs

An essay contest is to be held in Randall County for the purpose of determining the winners of 8 purebred registered gilts and one boar. In order to qualify for one of these pigs, the 4-H boys will write and submit an essay entitled "The Value of Producing Hogs as a Source of Cash Income on our Farm." The essay is to have not more than 500 words. The contest is open to all 4-H Club boys in this county who have not been previous winners.

All essays must be in the hands of the county agent by May 12th and must be written on notebook paper, typed or in ink and must contain the name of boy, address, and name of club.

Each essay must be accompanied by an agreement blank signed by the contestant and his father or guardian. These blanks are available at the county agent's office.

The pigs will be delivered to the winners on a date later set and announced. The pigs given to contestants must be returned in the fall to be judged for best development as breeding stock and not as fat hogs. The Sears-Roebuck Foundation will then award prizes in each county. Other information will be furnished by the county agent at the boy's request.

Johan Simonsen to Appear in Recital Thursday Evening

Members of the Music Arts Club are inviting musical friends of Canyon to hear the celebrated Norwegian violinist Johan Simonsen in recital at the home of Mrs. Ples Harper, 2617 East 5th Avenue, on Thursday evening, April 26, at 8 o'clock.

Mr. Simonsen, formerly with the Oslo Symphony, is widely known in Norway as a radio-concert artist. At present he is playing with the Houston Symphony.

During their stay in the Panhandle, Mr. Simonsen and wife, Dr. Simonsen, now connected with a clinic in Dallas, are house guests of Mr. and Mrs. Newton Harrell. Mrs. Harrell will accompany Mr. Simonsen in recital. Mr. and Mrs. Harrell and Mr. and Mrs. Simonsen met on a Caribbean cruise several years ago when Mr. Simonsen was playing with the ship's orchestra.

Citizens Asked to Meet Wichita Train on Tuesday Morning

A special train bearing a large delegation of Wichita, Kansas, business and professional men will visit Canyon next Tuesday morning, May 1. The special train will pull into the Santa Fe depot at 8:30 o'clock and will remain for one hour.

Citizens are requested to meet the train with their cars and busses and to transport the delegation to the business section.

A program will be staged on the square under the direction of the Chamber of Commerce. The High School and Buffalo Band will be on hand to greet the visitors.

When the train pulls out, the Chamber wants to make certain that the visitors know that they have visited a live town.

MacArthur Made a Forceful Speech Outlining His Policies

We still believe that we were right last week in urging the folks not to be hasty in passing judgment on the MacArthur case. We feel that all of the record has not yet been made public in spite of the public appearance of the General and the President with his henchmen.

All Americans were thrilled by the public receptions given General MacArthur. He is the public No. 1 hero. How long he will continue in this top spot is in his own hands. He will either make or break himself.

We believe that he is right in his public declarations.

First: MacArthur is not in politics. Military heroes who return to run for public office are usually disappointed, and are a public disappointment.

Second: We are confident that MacArthur is right in his refusal to go to the President and ask for future assignments. The President fired MacArthur from a very critical job. Why should MacArthur subject himself to the humiliation of seeking further places from the President? He is a military man, and subject to orders from the White House. He appreciates this fact, and it is up to the President to take the next step.

Third: President Truman was right in cancelling all public engagements during the time that public attention was centered on the returning hero. The President would have attracted little attention, and he knew that he could not play second fiddle to a great national hero.

Fourth: The Republicans are likely to make fools of themselves in trying to overplay the popularity of MacArthur. Making politics of war is no way to focus public approval on any party or any cause.

Fifth: It is clear that both MacArthur and the President are seeking the best way to end the war in Korea. Neither wish to start World War III. They differ in the matter of procedure. MacArthur believes that China can be knocked out of the war simply because China has no manufacturing and Russia is unable to furnish vital war materials. Truman and his aides are equally convinced that China would be backed by Russia against the so-called United Nations.

Sixth: Business interests of England and France have the ear of Truman and his aides. This has been clearly shown by the President and by the recent speeches of his aides. Whether this "business as usual" policy will lead to the death of thousands of American boys, or will reach a peaceful settlement of a crisis is yet to be determined. WE DO NOT KNOW.

Seventh: We cannot kick out of the United Nations or the North Atlantic Pact. We have few friends left in the world. We certainly cannot afford to kick out the balance of our friends, regardless of our present attitude. All Americans are sore at the shameful attitude adopted by these so-called allies. We seek improvement in these relations, rather than isolation.

Eighth: MacArthur has shown his levelheadedness by not spouting off upon all occasions. This should be a good lesson to the balance of us, including the White House, where caustic letters and statements have been made in recent months.

We have a situation confronting the nation which is most serious and which all citizens should fully appreciate. We need sober, sane thinking instead of trigger-quick decisions and actions. Naturally we should like to kick the pants off of every commie and red in Korea, China and even Russia, but the lives of millions of people and the vast resources of this nation are first to be considered.

Since writing the above we have listened to the speech of General MacArthur before the Congress. We were highly impressed with the forcefulness of his speech; the clear logic and diction which he used. He has shown himself to be a greater man than most people believed in his final statement that he was simply fading away.

We have never listened to a more forceful talk. While it was in a more or less defense of his policies, yet he outlined his reasons for making decisions, and for asking for authority which he did not receive.

The fact that victories are not won through "prolonged indecision," is a forceful indictment of the Truman administration, as directed by Dean Acheson, Secretary of State, who believes and practices appeasement.

General MacArthur has not hurt himself with the American people in this speech. He will probably receive another of the famous letters which Truman has been writing when he has been burned up. However, we advise the President to take the whipping which MacArthur has administered to him with as good grace as possible. Perhaps he will refer a reply to Deep Freeze Vaughn, or some of the lesser lights on his staff.

In the meanwhile, as tragic as the situation is, men are dying in Korea, through no fault of their own, and because leaders in Washington are afraid to act.

Jury Service Will Be Featured by the Lawyers and Texas Press

The month of May has been dedicated to Jury Service in Texas. The Texas Bar Association and the Texas Press Association join hands in urging that all citizens accept jury service as a patriotic duty.

There is one little fly in the ointment: Just what type of citizens will the Bar Association accept as jurors? Will the Bar accept the best qualified citizens of the community; or will they demand, especially in criminal cases, that jurors have a tendency to lean slightly toward their point of view?

Naturally we will not suggest that some lawyers like to have jurors who will be swayed by their harangue, rather than by the weight of testimony and the law as presented by the presiding judge.

Yes, all of us should accept jury service. No one will deny this, even when it entails physical and business discomforts.

A miser is not as bad as those who do not know how to give of themselves.

Twenty years from now, we will publish a book — no advance orders, please!

The millennium will approach when principles outweigh profits and politics.

Texas is the land of plenty, with plenty of land.

"Poor Man's Tax" Is One Which Any of Us Will Have to Pay

A determined effort is being made in the legislature to pass a bill which will compel all automobile drivers to carry insurance on their cars.

The bill is being opposed as a "poor man's tax." This is another silly argument. We hear the same argument against all kinds of taxes. As matters stand the poor man is as much a citizen of this great state as the richest man in the state, and has obligations to perform.

When we hear of an auto wreck the first question usually asked is about liability insurance. When two cars are involved one man has insurance and the other has none, it is a penalty against the fellow who carries insurance. Of course the law makes him carry this protection — not a direct law, but an indirect law which will take away from him all of his property until such a time as his obligations are met in connection with the damage caused in the wreck.

The other fellow may have nothing but his old car; yet he is free to go about using the highways of Texas; abusing his privileges as a good citizen but driving a car which is not properly safe guarded for use of the highways. He is the aggressor in most cases.

Is it fair to the man with a little property to force him to carry insurance when the fellow whom he meets and who may cause him to have a wreck is allowed to go free of these obligations?

The insurance companies are opposed to compulsory insurance. So are we, as a matter of fact, but at the same time we would like to be protected when we drive down the highways of Texas, and not wrecked by some old car which should never be allowed on the highway.

Legislature Will Ask For a Boost in Pay From Voters

We see that the House of Representatives has passed a constitutional amendment which would increase the pay of lawmakers to \$25 per day for 120 days, and then drop the pay to \$7.50 per day.

The only argument against the amendment was made by a Dallas Representative, who declared that every member elected to office knew that he was serving the State for honor rather than for profit. His argument is sound, but it does not appeal to the lawmakers. They stage a strenuous campaign for election, and then start to gripe because the State is unwilling to pay them an adequate salary.

The pay should be raised. The present amendment is the best one that has been proposed. \$25 per day for 120 days is none too high. However, do not be deceived: The increased pay will not induce more capable or better qualified men to accept public office. Neither will it stop the practice of young fellows working their way through the University of Texas while serving the legislature.

The voters are to blame. They simply will not elect to public office men who are known to have accumulated a little money through their own hard work, or who have experience in private business. They prefer to elect younger men, without experience; or older men without a record of achievement.

We do not know what the voters will do about this amendment when it is submitted next year, but assure one and all that as of the present time the amendment looks good, and worthy of support.

Continuation of Recreation Is Part of Everyone's Job

The News is quite certain that there is no citizen in Canyon who would not desire to see the Recreational Program continued for another year. The results of the past year have far exceeded the most ambitious dreams of Canyon citizens when the plan was adopted and put into operation one short year ago.

Taking the kids off the streets and giving them a worthwhile recreational program is the aim of this movement. That it has succeeded well is no debatable question. It is achieving its goal.

When the movement started only a few groups were called upon to support the project. These organizations will continue their support, but they feel that individuals and other groups should assist in carrying the financial load. It has not been a heavy load, to be sure, but it should be more evenly distributed among the citizens of Canyon.

Contributions from all citizens will be the aim of the financial campaign which will be staged the balance of the month.

The Community Recreation Council wants, and needs your help. Not only a little cash, but likewise your moral support in order to work for the improvement of the children of Canyon.

While this is a recreational program for youth, let it be remembered that when youth profits by improvements, the oldsters likewise are the winners.

Get into the program with your dollars!

What, No Bouquets, Even on the Birthday of The News?

The Canyon News had a birthday last week, and it was practically forgotten. We failed to send ourselves a bouquet upon this occasion.

What happened is that for several years our birthday date has been gradually advancing, counting 52 issues to the year. Everyone knows that if you live long enough there will be more than 52 weeks in certain years. But we have failed to take this into account.

We do not have a copy of the first issue of The Stayer, which was the parent newspaper of The Canyon News, but we figured back from Volume 4 which we have bound, and found that The Stayer started about the middle of April. Therefore the middle of April should be the date for changing the volume number of the paper. In order to make up for lost time we started with No. 52 this year, adding a letter week after week in order to make up the difference until last week when we reached the middle of April.

We hope that in future years the volume change will continue about this time of the year, with an occasional No. 53 thrown in, rather than continuing the age-long policy of changing the volume number after 52 issues have been published.

No matter how criminal they are, they always stand on their constitutional rights.

News In Canyon 25 Years Ago

(Taken from the files of the
Randall County News of
April 29, 1926)

John Cage, members of the State Highway Commission, visited Canyon Saturday and announced that the state was ready to pave the highway between Canyon and Amarillo, provided the county would vote bonds to pay for the right-of-way.

Five car wrecks were reported this week, but no one was badly injured. C. W. Furr was here Monday from Amarillo and leased the Bradford building at the northeast corner of the square. He will open a grocery store in another month.

Mike Gallagher, pioneer resident of Canyon, died in Amarillo leaving \$1,000 to St. Ann's Church in Canyon.

T. J. Morris and Jake D. Weller both died of heart attacks. A son was born to Mr. and Mrs. Lee Johnson.

The News force is printing high school annuals for the Canyon high school; Panhandle high school; Claude high school and Tulia high school.

HE SHOULD

The school visitor was putting questions to a class of boys. He nodded to a little fellow with curly black hair. "Do you know the Ten Commandments?" he asked.

"No, sir!" said the boy. "What! You don't know the Ten Commandments? What's your name?"

"Moses," said the boy.

DISAPPOINTED

A farmer's barn was burned down and the agent for the insurance company told him that his firm would build another exactly like the one destroyed instead of paying the claim in cash.

The farmer was furious. "If that's the way you do business," he roared, "you can cancel the insurance on my wife!"

PROOF

The lawyer and the policeman who was testifying were having a battle of words. Finally the lawyer turned to the policeman and said: "But if a man is on his hands and knees in the middle of the road, surely that is no proof that he is drunk?"

"Probably not, sir," replied the policeman, "But this one was trying to roll up the white line!"

HAD GOOD REASON

The talkative lady was telling her husband about the bad manners of an acquaintance who had recently paid her a visit.

"If the woman yawned once while I was talking to her," she said, "she yawned 11 times."

"Perhaps she wasn't yawning, dear," the husband said, "maybe she wanted to say something."

EXPERIENCED

Sweeping back his long black hair with an impressive gesture, an actor faced a director in a movie studio. "I have come, sir," he announced in a deep voice, "because I want a job in your latest picture."

"Have you had any experience acting without an audience?" asked the director.

A flicker of sadness appeared for a moment in the expressive eyes of the actor.

"Acting without audiences," he replied, "is what brought me here."

ONE-SIDED

"I understand you have a very economical wife."

"Oh, yes. We have to go without practically everything I need."

Charles E. Wilson, Defense Mobilizer: "I don't think there will be runaway inflation."

Here is life's romance; a man guiding the steps of a child, a boy seeing the world through the eyes of a man! What precious days are offered every father in the land; days of the hero-worship of a son who listens and learns from the words and from the doings of a father who has brought him into being. Every father has joined with God and with a loving mother to bring the son into existence. The Creator of the universe is responsible for the success of the great experiment He has entered upon when he called all things into being. Just as truly have we fathers accepted responsibility for the new life we have called into being. This son is "my" son and I am "his" father. What a privilege to walk by the side of a growing boy! What a wonderful experience to find a little fellow trying to step in our tracks along the dusty way of life! *To be a father is about the highest privilege that ever comes to any man; and to be a good father takes about all there is of any one of us.* We have no greater task than this; it takes precedence over making money for food and for clothing.

Let's ask ourselves today how much time we are giving to this opportunity to be good fathers. Do we calculate the day's schedule to seek for the hour we may spend with this young hero worshipper? Or do we allow ourselves to become so busy about the lesser things that the precious days slip into the years and we have lost the boy in the man? Has he longed for some time to walk with us, to play with us, to go with us to the ball game, to work by our side in the menial chores of the place? How foolish if we allow these great days to slip by while we give our attention to the little affairs that call for our time! *The great God will ask us some day how much time and how much love and how much fellowship we gave to the little boy he sent to walk by our side.* We asked that God send him our way; have we discharged our responsibility and our privileges? Take him to church, teach him the way of God.

Speaker Is Named Annual Banquet Historical Group

Dan D. Casement, rancher and farmer from Manhattan, Kansas, will be principal speaker at the annual meeting of the Panhandle-Plains Historical Society, to be held May 11 on the campus of West Texas State College.

J. Evetts Haley, president of the society, announced the speaker this week.

Casement, a graduate of Princeton University, has been engaged in the cattle and farming business for a half century and was active in building up the quarter horse breed. His father, a general in the Union Army, was builder of the Union Pacific Railway Company.

"Mr. Casement is a vigorous speaker," Haley said, "and his speech will probably be both reminiscent and on current affairs."

The annual society meeting will get underway at 2:30 the afternoon of May 11 with a directors' and business meeting in the society's museum on the college campus.

Casement is slated to speak at the dinner that evening, to be served at 7 o'clock in the West Texas State Cafeteria.

Reservations for the meeting may be made by writing either L. F. Sheffy, secretary of the society, or W. L. Vaughn, treasurer, both of Canyon.

Public Is Invited To Student Recital

On Tuesday afternoon, May 1, at 3:30 p. m. a group of West Texas State students will be presented in a student recital in the Administration auditorium. The program will include piano, vocal, and instrumental music as well as classical and modern compositions.

Students appearing on the program are Tubal Cain, David Goshen, Eddie Austin, Thelma Moss, Pauline Lutrick, Howard Coulter, Joan Shockley, Wayne Hinds, Joe Coleman, John Butler, Emilie Mills, Juanna Jo Broadway, Wesley Byers, and Jeanette Euler.

Instructors of these students are Lewis Stoelzing, Matilda Gaume, Pauline Brigham, Houston Bright, W. O. Latson, and Dan Gillham, all members of the department of music at West Texas State.

The public is invited to attend this student recital.

Charles E. Wilson, Mobilization Director, was not in favor of the decision by President Truman to set up a wage-stabilization board in the face of opposition of employers. The President, in taking his stand, acted in spite of the viewpoint of Mr. Wilson.

Mr. Truman is planning to do some more housecleaning around the White House with broad hints that changes ahead are to affect Maj. Gen. Harry H. Vaughan, military aide, and Donald S. Dawson, assistant handling personnel matters. Other changes are under consideration as well.

It is the considered opinion of military officials qualified to judge that Russia, as of today, lacks power to control the air over Western Europe and could not provide successful air cover for her troops if they march westward. Russia's basic weakness is regarded as inability to supply a major air operation in Western Europe.

Junior High Choir Sang Tuesday For Rotary Luncheon

The Junior High School Choir, directed by Miss Ada V. Clark, sang a number of songs Tuesday at the Rotary Club luncheon. The choir is a well balanced group of local girls who sing for the pleasure of singing.

Visitors were Leland Aiton of Plainview; Herman E. Moore and N. E. Milburn of Hereford; R. H. Brummal, Oran Thomas, Roy Pool, Forrest Barnes, Marvin J. Paul, Frank Storm, Jr., Emil F. Myers, William H. Torry, all of Amarillo; Walter Bobbitt of Kansas City, Mo.; Dr. Samuel B. Johnson of Ft. Sill, Okla.; Dr. Dudley Moore of Louisville, Kentucky.

Glenn Dowlen, Jr. To Sing Leading Role

Glenn W. Dowlen, Jr. of Canyon will sing the part of Kezal, the marriage broker, in "The Bartered Bride," this year's opera production by the College of Fine Arts at the University of Texas.

The opera will be presented April 24-28.

Interscholastic Band Meet Here

Bands and orchestras from 63 schools will congregate on West Texas State campus April 26, 27, and 28 for Interscholastic League Instrumental Competition-Festival.

A check room for instruments and a warm-up room will be provided. Uphaw Music Company of Amarillo will have an emergency repair shop as a courtesy to participating organizations.

Awards will be given as follows: Division I soloist and ensemble members in all classes will receive medals. Division II soloists and ensembles will receive certificates. Special award ("Sweepstakes") plaques will be given to orchestras earning Division I in concert and sight-reading; and class AA-I, AA, A, and B bands making Division I in concert, sight reading, and marching. Bands and orchestras earning Division I in single events will receive Event Award plaques. Bands and orchestras earning Division II ratings will receive certificates.

Marching contests will take place in Buffalo Stadium Thursday and Friday nights at 7:30 and Saturday at 5:00.

Entries are: Kress, Panhandle, Dimmitt, Priona, Hale Center, Farwell, Lefors, Abnerthy, Sudan, Stratford, Memphis, Spearman, Canadian, Tahoka, White Deer, Post, Sundown, Paducah, Follett, Plains, Plainview, Pampa, Canyon, Hereford, Tulia, Dumas, Phillips, Lockney, Muleshoe, Littlefield, Dalhart, Shamrock, Slaton, Wellington, Perryton, Levelland, Childress, Brownfield, Quanah, Spur, Lubbock, Borger, Amarillo, Sam Houston Junior High Orchestra, Horace Mann Junior High Orchestra, Elizabeth Nixon Junior High Orchestra, Clarendon Orchestra, Amarillo Orchestra, Wilson, Plainview Junior High, Borger Junior High, Pampa Junior High, O. QUITE AN IDEA

"I'm all out of sorts. The doctor said the only way to cure my rheumatism was to keep away from all dampness."

"What's so tough about that?"

"You don't know how silly it makes me feel to sit in an empty bath and go over myself with a vacuum cleaner."

BUSINESS

"I always encourage my husband to recline in an easy-chair and put his feet on the mantel-piece."

"Why?"

"When he goes to bed there is usually some small change left in the chair."

Pampa Winner In Vocal Contest

An estimated 2,000 high school students attended the Vocal Music Competition held on the West Texas campus last Friday and Saturday. These students, representing 27 Region I high schools, participated in the competition held in the Administration Auditorium each morning. Pampa High School proved to be the outstanding school of the contest, winning the sweepstakes award. They placed first in the concert competition and also won the first division in sight-reading.

"Everything went off successfully from both the administrative and educational view-point. The judging was of high caliber and done by outstanding college choir directors," stated Jerry Newman, director of the WTSC band.

Judges for the choral contest were: Dr. Wilfred C. Bain, Indiana University; Mr. Frank McKinley, North Texas State College; Mr. Euell Porter, Hardin-Simmons University; and Dr. James Richards, East Texas State College.

The sight reading competition was judged by Mr. Henry Hobart of Phillips University. Mr. Hobart and Mr. Orsenith Smith, Southwestern College, judged sight reading for the competing groups.

Rated in the first place division for the mixed concert were: Pampa, Lubbock, Plainview, Tulia, and Frank Phillips Elementary School; sight reading: Lubbock, Pampa, Wellington, and Phillips.

Plainview, Phillips, Levelland, and Frank Phillips Elementary School placed first in the concert division for the Girls Chorus. Priona and Memphis placed first in sight-reading.

The first place winners for vocal ensembles were: Borger Boys' Quartet, Borger Girls Ensemble, Littlefield Girls Quartet, Memphis Duet, Memphis Girls Sextet, Phillips Boys Ensembles, and Perryton Girls Trio.

"ADEQUATE" LIVING

A survey conducted by the Bureau of Labor Statistics of thirty-four cities reveals that Milwaukee and Washington top the list in the cost of an "adequate" living for a family of four. A modest family budget in Milwaukee would be \$3,293 and in Washington, \$3,926. Lowest budgets for a city family were in New Orleans, \$3,453, and in Mobile, \$3,507. Included in the budget were cost of goods, rent, services, personal taxes, social security deductions, occupational expenses and life insurance.

ELECTRIC COOKING

There's a Make and Model for You

There are thirty different makes of electric ranges available in the Panhandle-Plains-Pecos Valley Area served by this company. Each make offers several different models. The choice is literally unlimited. Pick the one for you, now ... before the heat of summer is upon you.

As you read this advertisement keep in mind that there are less than 60 days before June 21st, the first day of summer. The days are already showing signs of the summer heat to come. Think now of your kitchen. Will cooking be cool? Will it be a pleasure? Or, will excess heat from present cooking methods cook you instead of the food. Electric cooking is cool ... there's no unwanted heat. All heat is transferred to utensils. Keep cool when cooking. Enjoy yourself and stay refreshed. Cook electrically.

Dean of Women Ruth Cross (left) and Dr. Anna Oursler, of the AAUW Committee on Standards and Recognition, discuss West Texas' possibilities as a member of the AAUW. Dr. Oursler was on the campus in March.

Perhaps the greatest of all the leaders of the Texas Rangers was Capt. Jack Hays, for whom Hays County is named. Col. M. L. Crimmins of San Antonio has written a

most interesting biographical sketch. John Coffee Hays was born in Tennessee in 1817 and, on hearing about the fall of the Alamo, he came to Texas. But the Battle of San Jacinto had already been fought when he arrived. He was 5 feet, 9 inches, weighed about 145 pounds, had black hair like an Indian and deep blue eyes. He never ordered a charge; he simply said, "Follow me, men." He was in the battle of Plum Creek in 1840 when between 60 and 80 Comanches were killed and this was the last time the Comanches ever sent a large body into Texas to try to wipe out a town.

The Mounted Volunteers — as the Texas Rangers were called at first — did not wear a uniform. Texas was too poor to furnish them with more than ammunition and \$30 a month to the men and \$75 to the officers. Though only 23, Hays was commissioned a captain by the Texas Congress.

The men furnished their own arms, equipment and horses. Hays required the horses be better than those they pursued, and their value was around \$150. Each man had a rifle, pistol, knife, blanket, and a small wallet for salt, ammunition and tobacco, and perhaps some panola as emergency ration. This was parched corn, spiced and sweetened. When chewed, it helped to relieve thirst.

The Rangers had no tents and

relied on game for food. They slept on a bed of grass, weeds or brush, spreading their blanket over that. Each man slept with gun at side, using boots and pistol under his coat as a pillow.

No obstacle could halt a Texas Ranger. Icy streams were swum by the side of their horses or hanging to the horses' tails. Sometimes raft was used to keep ammunition and food dry or lariats were tied together to form suspension line running through the stirrups of a saddle and it was pulled back and forth with equipment attached to it. Hays, having been an experienced surveyor, knew how to keep in the direction he wished to go and could not get lost.

The two original companies of Rangers were expanded until there were 500 men. The personnel was constantly changing, due to heavy casualties. About half the men were killed off each year. They were assigned a huge area to protect, from the mouth of the Rio Grande near Brownsville to the Colorado in the Panhandle.

City Barber Shop Has 11 Game Lead In Men's Bowling

With fifteen games remaining on the schedule of the Business Mens Bowling League, City Barber Shop has an eleven game lead over their nearest opponents, Buffalo Barber Shop and K Service. The standings as of last week are:

1. City Barber Shop — 777pts
2. Buffalo Barber Shop — 533

3. K Service	533
4. Taylor & Sons	542
5. Posters Insurance	511
6. Lions Club	500
7. Johnsons Mens Wear	488
8. Ponds Insurance	488
9. Vocational Aggies	487
10. Samuelsons Motors	400
11. V. F. W.	380
12. S. W. P. S.	377

With the exception of the lead held by the City Barber Shop, the rest of the teams are still close enough together that the final outcome will not be settled until the

final games.

Individual standing run about the same. Winston Evans still holds the top position with his 170, Don Schmidt has 164, tied with H. D. Carter; Reid holds fourth with his 161. Many of the slow starters have been moving up and will have to do some fancy bowling to overcome the lead held by these top men.

Next week's game bring Vocational Aggies and City Barber Shop together, Taylors and Posters, Lions and Ponds on Tuesday, and Thursday Samuelsons and K service tangle.

V. F. W. and S. W. P. S. and Johnsons play Buffalo Barber Shop. The last games of the year will be held the week of May 20th.

Arthur Champion To Address Sociology Group Thurs. Night

A group comprised of teachers and outstanding students from Carver High School in Amarillo will address the West Texas Sociological Society Thursday night at 7:30 in the Little House of Fellowship.

Mr. Arthur Champion will head the group. He is the principal of Carver High School and has addressed the society before.

Though the skins of the two groups are different in color, certain aims and goals are held in common: to promote understanding between the two races and to strengthen democracy in practice.

Anyone who wishes to attend, and who feels that he may benefit from the meeting, or who has something to contribute, is urged to attend.

City Barber Shop Retains Lead in Bowling Club

While the Legislature wrestles with the complex problem of state spending — and of raising the money — another agency is engaged in a long-range study of state government financing.

Unfettered by the pressure for immediate action is the Texas Economy Commission, an unofficial body of 500 citizens appointed by Governor Allan Shivers last year.

Chairman of the commission is John S. Redditt of Lufkin. Executive director is Dr. Stuart A. MacCorkle, a member of the Austin City Council and presently on leave of absence as a professor of government at the University of Texas.

Originally, it was the commission's plan to offer some suggestions to the present Legislature. But there were some delays, and the officials of this agency have now determined to wait until next session of the Legislature in 1953 to make its recommendations.

As its name indicates, the Texas Economy Commission intends, by thorough study, to find out where the state is wasting money, how greater efficiency could be achieved, and generally how the state could be operated on a more economical basis.

A study of this kind was made once before, and a plan was offered to the Legislature, but no action was taken because there was no public demand for action.

Whenever you start reducing state government expenditures, you hit somebody who is receiving a paycheck or some kind of benefit from the State. The people who are hit begin to howl to their members of the Legislature.

The pressure builds up that way, and it is difficult to cut down state expenses. If the Texas Economy Commission is going to succeed, it must build up public sentiment for economy — this sentiment to offset the demands of those who benefit from state expenditures.

Sometimes it is economical to spend a little more money — and one example may be that of increasing the pay of legislators.

They now receive \$10 per day for the first 120 days of a legislative session, and \$5 per day thereafter. The House has passed a resolution to let the people vote on changing the constitution so as to increase the pay to \$25 per day for the first 120 days and \$7.50 per day thereafter.

Those who favor this resolution say that more able men could be attracted to offer their services in the Legislature if the pay were increased.

The Senate indicated strongly — by a favorable vote of 25 to 6 — that it believes the Texas truck load limit should be increased from 48,000 pounds to 58,420 pounds.

The increase is provided for in Senate Bill 57 by John Bell of Cuero. This bill, upon final passage in the Senate, went to the House.

House Bill 11, which provides that overloaded trucks must unload on the spot, has been passed by both houses. But the Senate added amendments in which the House refused to concur. So the bill went to a conference committee composed of five members of the House and five members of the Senate.

Captain Audie Murphy, as you know, is a Texan from Farmersville who became known as the most decorated soldier of World War II.

THE AMERICAN WAY

What-No Soul?

Captain Murphy's picture is going to hang in the capitol. It was presented by a group from Dallas and accepted for the state by Governor Shivers. Murphy commented: "It's a long way up here from an East Texas cotton patch."

Comedy Play Put On Wednesday at Lions Club Lunch

Lion Wendell Cain was in charge of the program for the regular meeting of Canyon Lions Club Wednesday. A very interesting and entertaining one-act play was presented by members of WT Speech Group.

"Why I Am A Bachelor," a comedy with much action makes a hit with any audience. Members of the group who did a splendid job in "Why I Am A Bachelor" were: Paige Carruth, Canyon sophomore, as the bachelor; Jo Parker, Happy freshman, as the sweetheart, and James Gamblin, Rankin sophomore, as the lover.

Production staff: Sue Collins, Amarillo freshman, and Roberta Corder, White Deer freshman.

New members coming into the club recently are Ralph McCormack, Weldon Butler and Charles Hillier.

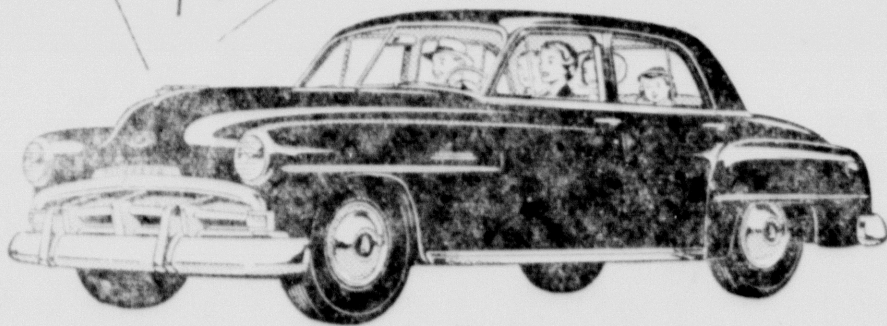

John Foster Dulles, special Ambassador working on a peace treaty for Japan, now is to take over the job of handling political problems that General MacArthur had handled. General Ridgway, new Supreme Commander, does not claim to be a political expert.

General MacArthur, even if he had not been fired, in a few months would have lost his biggest titles and his power as ruler of 80 million people. A peace treaty for Japan, taking shape, was to trim Douglas MacArthur's status to that of a five-star General.

If anybody wants more of it, there are scientists to assert that life is possible on other planets.

I PLEDGE ALLEGIANCE

Amid the rumble and squeak of auditorium seats we rise, and assembly begins. Each one of us places a hand upon his heart, "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation, indivisible, with liberty and justice for all." Then we ploop back into our chairs and the opening ritual is completely forgotten.

IT SHOULD NOT EVER BE FORGOTTEN. For it is our creed, yours and mine, the expression of faith and love for our country which we know deep in our hearts is worth any sacrifice to protect.

What does the future hold? What will be going on in this mixed up world tomorrow? Perhaps you may be chasing some North Korean into the hills or riveting tanks in defense factories. Maybe you and I shall be entering college together, free from all doubt or fear of life. One thing is certain, whatever our lot in the future may be, we can gain courage, hope, and determination in that simple expression of faith, the pledge of allegiance to our flag.

Next assembly, next time there is an opportunity, repeat the pledge with meaning and conviction. Do you not see that you are really putting into words what each of us believes and would give the last full measure of devotion to uphold? America is truly one nation, indivisible, with liberty and justice for all.

SPRING FEVER DAYS ARE BACK

Spring fever days are here again, and with these days come a tired, listless, low feeling. Needless to say, the attitudes of the CHS students are not quite up to par; however, too many of the attitudes have dropped to rock bottom. These students with their constant complaining about the windy weather, that boy that pushed in the hall, or that teacher who gave that awful test are dragging the morale of other students "through the mud."

Everyone has his "off" day, the day he should have stayed in bed. But each should strive to put on his best smile and happy-go-lucky mood. The girl or boy that is always cheerful and full of fun is one to be envied.

Remember When?

The 1949-50 Pan-American Fiesta was at hand and Dorothy McReynolds represented CHS in the queen contest. The Fiesta was held at Texas Tech at Lubbock.

The high school sextet which was composed of Donna Erwin, Merle Bullard, Barbara McDougal, Florence Coffee, Joyce Thurmon, and Betty Jean Graham placed first in the Interscholastic League Choral Contest held April 14, at West Texas State College.

Landon Barrett, representing CHS in the state track meet in Austin, won third place in pole vaulting.

The 1950 seniors presented their spine-tingling play, "A Night of Terror," which was quite a contrast to the high-comedy of "Mother Is a Freshman," the 1951 senior play.

Expressing congratulations to the senior girls, Thompson's Furniture Company mailed each one of the girls now graduating a certificate entitling her to a very lovely miniature cedar chest. The girls are very proud of the gifts and wholeheartedly express their appreciation.

LOOKS SO

Austerity — a long and unwelcome visitor in Britain who appears to be packing his bags for a lengthy stay in America.

Howdy again, folks! Have you ever seen such beautiful weather in all your days? Cal hasn't! Really makes you want to play hooky, go to the canyons, and have a picnic. But if everybody's like Cal, they don't have three points to spare for such an outing, (and it does cost 3 points, you know.)

Everyone has sort of calmed down and is back to a normal pace again following the Junior-Senior banquet and Spanish Fiesta. Here's a little poem that Cal has made up and dedicated to all Junior students:

Your head is quite bald
 And what's left is greying
 But it's worth it, you know
 For here's what Seniors are saying:

"The banquet, dear Juniors,
 Was lovely indeed.
 You handled it well
 With both care and speed
 The dance, we found
 Was beautiful too,
 And ever grateful
 We will be to you!
 So thanks again
 For the lovely token,
 Even if it did leave

Your budget quite broken!!
 Time to go now, and I want to leave this tip for all of you:
 Only twenty-four days
 More of school.
 Study hard so
 You won't be a fool.

Life Can Be Beautiful

Are you unhappy? Do you suffer a mad, burning desire to hop in the nearest cement mixer and end it all? Don't! There is a cure. Just turn on your radio for 24 hours and see what amazing products can change you from a drab little moth to a social butterfly overnight.

"Wondering why he gave you the 'cold shoulder' last night . . . one of those things your best friend never tells you?" Gargle Listerine Antiseptic. Do you want to be more popular with friends? Here is a tactful suggestion, better take Tums, bub. Tonight! Be his dream girl . . . shampoo with Luster Cream. Best of all, to be lovely, engaged, there is always Ponds.

Perhaps, however, your trouble may lie in physical discomforts. Can't get rid of your cold? Sleep on Playtex pillows. And, "Friend, are you grouchy and out of sorts? Eat All-Brani!"

Be of good cheer. If still unable to break into society, have faith. Duz Does Everything.

Payne To Lead FHA'ers in '52

The election of officers for the 1951-52 Future Homemakers of America club highlighted the F. H. A. meeting, Thursday night, April 19.

Joyce Payne is to lead the club as president. Other officers elected were: Virginia Rigby, vice president; Carlene Rogers, secretary; Barbara Glanton, treasurer; Florence Coffee and Carol Rose, reporter; Johnny Bonds, historian; Bette McGehee, parliamentarian; Peggy Bonds, songleader; Sue Keeling, sergeant-at-arms; and Ann Holt, pianist.

It was announced that Billie and Bettie Graham will represent the Canyon club at the state meeting to be held at Fort Worth, May 3, 4, and 5.

A panel discussion on several teen-age problems was held, and the meeting adjourned.

Band Contest Held at WT

At 9:00 a. m. Friday morning, April 27, the CHS band will start the day's work off right with their concert playing in the Interscholastic League band contest to be held April 27 and 28 at West Texas State College. The band will travel from the college auditorium, where the concert playing is done, to the college band house to do sight reading at 9:25. Friday night at 9:06 the band will perform in the marching contest held in Buffalo Stadium.

Soloists entering the contest are: J. T. Maddux, Archie Phelps, Gene Miller, trombone; Marshall Jones, baritone; James Miller, bass; Virgil Martin, french horn; Len McKay, Jerry Martin, cornet; Jo Ann Mickey, clarinet; Teddy Bynum, Dorothy McReynolds, Sherna Dixon, twirling.

Entered in the ensemble contest are the clarinet quartet, trombone quartet, and brass sextet.

Spring Training Is Here Again

Spring football training returned to CHS after a four year absence, Monday, April 9. Coach Floyd Murray and assistant coach Lloyd Johnson greeted nine returning lettermen from the 1950 team. The returning lettermen are: Ray Burrus, all-district, all-regional end; Harrell Slack, second-team all-district half-back; Bernie Morris, center; Dwain Currie, tackle; Jimmy Montgomery, tackle; Tommy Middleton, back; and Jimmy Cornette, center.

Boys reporting for the 1950 B team are: George Dowlen, Richard Perkins, Doyle Green, Don McDonald, Harold Root, Dan Gaylor, Richard Pruitt, Ray Thomas, Jerry Downing, Tom Meyers, Larry Stroup, Arlen Ruthart, Dick Dawdy, Don Beck, Phil Boothe, and Bob Ratliff.

Other high school boys reporting are: Carol Howard, Charles Boling, Guy Hamblin, Jimmy Simon, Robert Podzemny, Bill Gibson, Coy Black, James Joyner, Cecil Black, Charles Donnell, and Lowell Hill.

Willie Morris, Mitch Murry, Ronnie Ratliff, Foster Parker, Leroy Hungate, Kenneth Berry, Billy McBroom, R. H. Burgess, and David Brannon reported from the Jr. West Texas Elementary School.

Coach Murry stated that much of spring training will be devoted to work on fundamentals.

A Note to Seniors

Graduation day is just around the corner. Senior trip days are almost here. Parties and teas are yet to come. Countless other activities will occupy much of the time that would otherwise be spent studying. Each teacher as a personal friend wishes to see each senior have just as much fun as possible; however, there is a certain amount of work that must be done this last six weeks.

Bookkeeping practice sets are due all too soon. Book reports, well, it's time for those too. Term themes are to be handed in soon. No! not another vocabulary test already? Semester notebooks. OH, my aching brain.

Wait, I see a dim light through all the darkness. Exemption from semester tests for any bright young senior who did not wait until the last minute to get in all his book reports or back assignments. By the way, a B average is also necessary for a senior to be exempt. A hint to the wise should be sufficient.

P. S. Recommendation from headquarters: Get all possible work in before leaving on the senior trip.

Fiesta Recognizes Canyon Essays

Three Canyon school essay writers were recognized Saturday, April 21, at the annual Pan-American Fiesta held at West Texas State College. Writing of the essays, which were in Spanish, was not competitive except in the individual schools participating in the Fiesta.

Representing junior high school Spanish course was Nancy K. Tomlinson. From first year senior high Spanish class, Anna Lou Samuelson's essay was chosen to represent Canyon; best from CHS in second year Spanish was Virginia Rigby's composition.

Other attractions of the day were a Mexican market, a legendary pageant, a quizdown, and a Court of Queens in which junior high student Jackie Matsler and CHS freshman Dorothy Neblett reigned as Canyon royalty.

John McCormack, Member of Congress from Massachusetts: "This is a civil government, not a military government."

Federal health center at Atlanta \$12,500,000 construction.

Dutch Theme Impressive At '51 Junior - Senior Banquet

"There's a little Dutch mill
 On a little Dutch hill."

Thus was the theme of another very successful Junior-Senior Banquet and Prom.

The banquet was served in the Dutch mill garden which was surrounded by a rock wall with beds of tulips growing by it. Table centerpieces were of tulips and small windmills. Place cards, napkins, and dance programs were all designed with the same pattern of windmills; nutcrackers were small, unique wooden shoes. The alert and very polite waitresses were the sophomore girls who were dressed in typical Holland costumes.

The menu consisted of delicious roast chicken and dressing, green beans, a salad, tomato juice, and orange sherbet with angel-food cake for dessert.

Following the "eats," a short program entertained the guests. A quartet including George Dowlen,

Miller Assists Evaluation Project

Principal J. E. Miller journeyed to Hereford April 16, 17, and 18, for the evaluation program in Hereford schools. Every phase of school life was observed by the evaluation committee. Mr. Miller was chairman of the Guidance and Student Activities.

Such fields as assembly programs, musical activities, dramatic and speech activities, school clubs, social life, school publications, physical activities for boys and girls, and finances of pupil activities were covered by Mr. Miller.

The first step in the evaluation program is the self evaluation done by the faculty members of the school. The most value comes from this step. Late in the spring comes the evaluation committee who does the same evaluating only in a shorter time. The committee strives to find the strong and weak points of a school. Public reports are then edited by the co-ordinator of all the committees and sent to the Southern Association of Colleges and Secondary Schools. These are used as a basis for determining admission to the Southern Association of Schools.

The school evaluation program began some years ago. However, Canyon High has not been evaluated in about six years. Canyon expects to move into the self evaluation program before the end of the school term and go into the program in earnest at the beginning of next year.

P. T. A. Presents Combinations

Discussing child growth and development, the Canyon Parent Teachers Association met Thursday, April 19, in the cafeteria at 7:30.

The Junior High band opened the program with "Judy's Dream" by Buchtel, "Corinthian" by Brochton, and "Promotion March" by Bennett. The twenty-five members were directed by Margaret Hand.

Mr. Emmett Smith then lead in the discussion of adopting the plans for Child Growth and Development program here in Canyon. The members divided into four discussion groups, each group electing a chairman who reported his group's findings.

After these reports, other reports of the District Meeting which was held in Childress, April 17-18, were given by those attending. The next annual meeting of district eight will be in Canyon.

Presentation of a life membership pin and certificate to Mrs. T. W. Collins, a first grade teacher, was made by Mrs. Ed Harrell, committee chairman of Life Membership.

Next on the program was the presentation of nine Philco radio-phonograph combinations to the school. The combinations are table type of dark brown finish. These were bought through the courtesy of Cunningham Appliance and play each of the three sizes of records. A mattress for the first aid room in the Grade School was a second gift.

Following the gift presentations, Mr. Cecil Belcher and the shop boys held open house. The boys displayed their work and demonstrated some of the shop machinery.

Correcting six weeks tests in third period English IV class is really nerve-racking. Anyway, Eugene Hill thought so last Thursday when he fainted in class. He was taken home for the remainder of the day to "convalesce." He was at school the next day, however, going strong.

Matthew B. Ridgway, Lieut.-General, U. S. Army: "The danger for our people, above every other people, is impatience."

Florence Coffee, Harrell Slack, and Bertha Lindsey sang "Harbor Lights" and "When You Wore a Tulip." Bettie Jean Graham sang a pleasing solo of "A Little Dutch Mill." Virginia Rigby then gave the banquet some "take-offs" on the senior class.

The main event, however, of the banquet was the guest speaker, Dr. James P. Cornette, president of West Texas State College. His short, timely speech not only concerned the younger group, but the older guests as well. His interesting topic asked us all to make our lives worth while because everything we do will become a memory, and when we arrive at the age when memories are our future, we want to be able to look back on them with much happiness.

The prom, held in Randall Hall's ballroom, was decorated with the same theme. Highlighting the prom were the Collegians, dance band from West Texas State. Their versatility was enjoyed by the juniors and seniors as well as the faculty and chaperones.

The wonderful evening ended all too soon, as has another inspiring and prosperous year. With its end, however, comes new goals for the graduating seniors, and for the 1952 seniors, a year they shall never forget.

Burrus Smashes Discus Record

Sparkling Canyon Eagle track and field participation in Region 1-A cinder palaver in Lubbock's Tech Stadium Saturday was Ray Burrus, who cracked a record of three years' standing when he heaved the discus 146 feet, 10 1/2 inches. Previous record was 141 feet, 7 1/2 inches.

The soaring team as a whole captured fifth place honors in the meet. Regional title went to Pecos, which team piled up 27 points.

Mighty-armed Burrus, who will journey to the Austin state meet in early May, placed second in high jump, losing to Wellington's White, who leaped 5 feet, 9 inches; fourth slot in shot put event also went to Burrus.

Tying for third in pole vault were Eagle Bob Hardaway and entrants from Pecos and Phillips; Bob Busted garnered fourth spot in 220-yard sprint, and fourth also went to Canyon's 440-yard relay entry.

Journalist Coffee To Austin Meet

Journeying to Austin to the Interscholastic League state meet in early May will be junior Florence Marie Coffee. The trip is a result of her winning second place in the regional journalism contests in Lubbock Saturday, April 21.

The Canyon team, composed of Florence and Richard Sanders, won third place honors for its school. Top title went to Tahoka, followed by second-place Perryton.

In placing second in individual ratings, Florence won two firsts: headline writing and editorial writing; Richard placed fourth in copy reading and fifth in news writing.

Despite the denunciation of the devalued dollar, the demand seems to continue.

VENI, VIDI, VICI:

General of The Army Douglas MacArthur came into Washington amid tremendous ovations. I was at the Statler Hotel just about two hours before his arrival, and a huge crowd was gathering. His arrival was scheduled for 12:30 a. m. You

can see that the crowds gathered in the middle of the night as well as in the middle of the day. His appearance before the joint meeting of Congress was certainly a grand occasion. The Chamber of the House of Representatives was glowing under the lights of the television cameras and every available space in the Chamber was packed. Mrs. MacArthur entered the chamber first and was seated in the President's box, which is located to the left of the Speaker. She entered amid rousing cheers and applause and was most gracious in her acceptance thereof. Many of the top officials of the Army were present and among them was the familiar face of General Jonathan M. (Skinny) Wainwright. The Speaker named a committee of the House and the Vice-President named a committee of members of the Senate to escort the General into the chamber. When the Doorkeeper announced the approach of General MacArthur, it was so still that you could almost hear a pin drop. When the General came into view, the applause and the cheers were deafening. His military bearing was perfect as he approached the Speaker's desk and was greeted by the Speaker and the Vice-President. He was introduced by the Speaker of the House and the applause was again thunderous. The effectiveness of his speech was testified to by the rapt attention of all present, the only movements being on the part of the newspaper men, the newsreel and television cameramen, and the official reporters who were taking his speech in relays. His speech was outstanding, as was his delivery. His pictures do not actually portray the full dignity of his bearing nor his excellent physical condition. He is truly a man among men and his appearance today left no doubt in anyone's mind as to the genius of his ability. He approached his subject in a clear voice and in concise and well worded statements. He treated his subject fully and outlined the predicament upon which he based his suggestions as to foreign policy, the foreign policy that he does suggest, and his opinion as to the results that would be forthcoming should these suggestions be adopted. He also gave substantial factual information upon which he was basing his theories and suggestions. He definitely did not have time to go into a full explanation of these factual matters, but obviously wanted to. I hope that he will go before the Congressional Committees, both Senate and House, and outline in complete detail the entire Far Eastern situation. The people and the Congress are entitled to know the background and all of the facts concerning the Far Eastern situation, and to date we have not been given them. MacArthur is entirely too valuable a man to be shelved in this era of crisis. His complete knowledge and understanding of the Asiatic theater is of inconceivable value, not only to this country, but to the world. If he is not returned to the Far East, certainly he should be placed in a position of authority among the Joint Chiefs of Staff for the purpose of helping to mold our future actions in the Asiatic theater. This entire transaction, as deplorable as it has been, and as uncalled for, has certainly done one thing. It has gotten this country nearer to a concrete foreign policy than we have been in several years. It has brought out into the open a lot of the fumbling and stumbling and is definitely going to put England on the spot for a complete

showdown on what we can expect from them. There were many highlights in General MacArthur's speech that were most impressive, but there was one statement he made which I wish he would enlarge upon because I think it is the most important matter to be considered. He stated in effect that war between this country and Red China would not mean that Russia would follow suit in Europe. Those are not his exact words but convey the general idea that I got from his statement and his voice inflections. He said that Russia was not depending upon what Red China did, but would take her own steps toward war when she considered it most expedient from her own standpoint. If there is factual information concerning this statement, whether it be from intelligence reports or otherwise, I think that the Congress is entitled to know the facts about it, because it is the one thing that could be the answer to many problems facing this country today. I have the utmost respect and confidence in General MacArthur's ability on this question: 'If all-out war should break out between Red China and the UN, would Russia strike immediately in Europe, Turkey, Iran and Iraq?'

BEST WAY

The best way to stay sober is by mixing drinks.

Our own prediction as to the pen-nant winners is based upon preference rather than intelligence.

It's about time our neighbors planted their gardens if we are to have fresh vegetables this summer.

It makes your dollars talk great good sense!

When you look at the times we live in : : : and then take a look at this new Chrysler Windsor : : : you might almost think we'd had advance information and special-built this car just to fit these times!

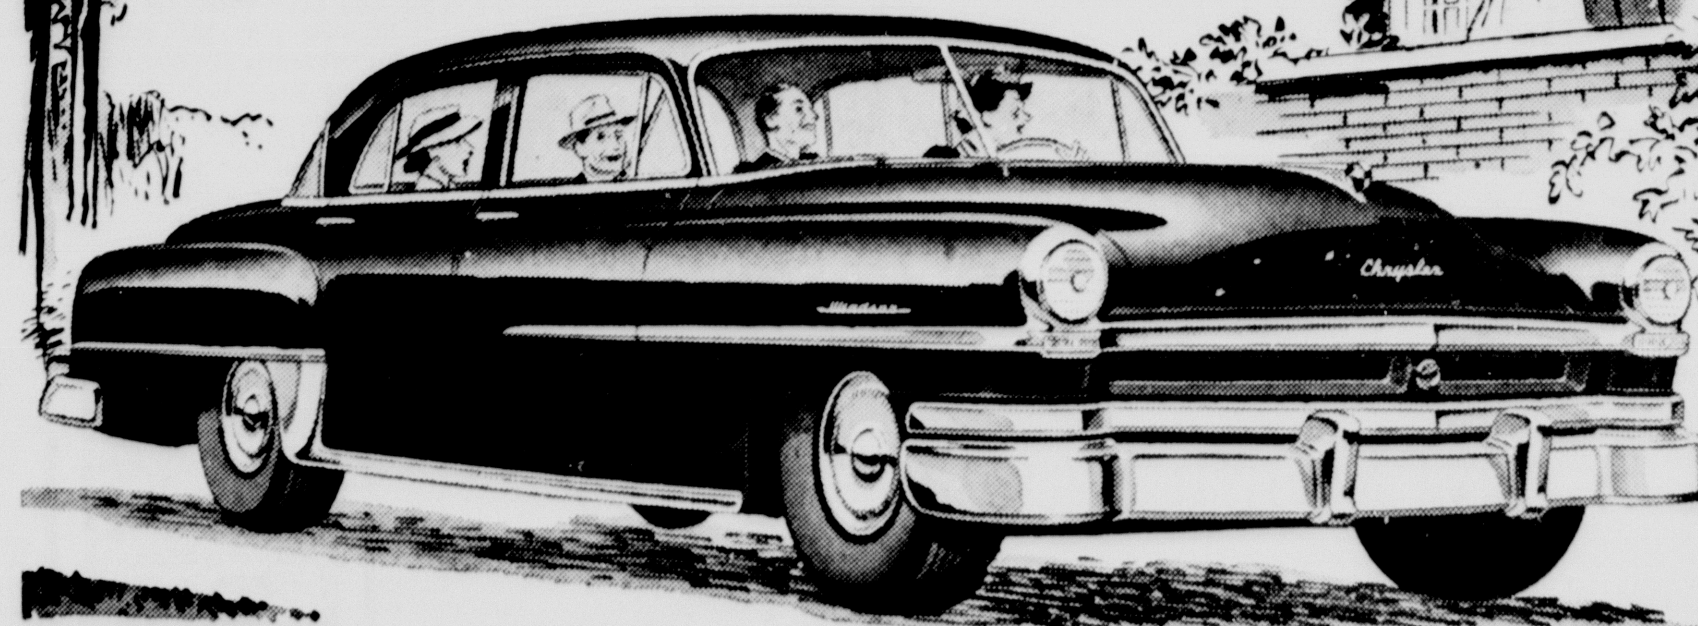

Certainly it treats your hard-earned and tight-stretched dollars with a respect that's hard to find in a good many things you buy!

To begin with, the Windsor line is the *least-priced* of the three lines of cars we build at Chrysler. To buy one gets you all the basic goodness Chrysler engineering means, at the very *lowest* cost. That's good sense in itself.

In powerplant, your Windsor brings you Chrysler Spitfire : : : one of the truly great engines in the whole bright history of America's motor cars. Time-proved and owner-beloved, it would be hard to put your money on a sounder friend than this to live and travel with you through the months ahead!

As to comfort, Windsor brings you the amazing travel bonus all Chrysler owners get this year . . . the revolutionary new Oriflow shock absorber. With more than twice the shock-absorbing power of any other in the world, this amazing new device keeps wheels steady on the road, and riders steady in their seats.

As you can see, it is no idle claim that this car makes very special sense in these unusual times. But why not get the whole good story at first hand? Why not go see your Chrysler Dealer, *very soon?*

Beautiful to look at! . . . Beautiful to drive!

Socialization in Medicine Opposed by Health Officer

AUSTIN, Texas — Socialization has no place in either public health or the private practice of medicine, State Health Officer George Cox has said in a statement aligning himself with the medical profession against socialized medicine.

Public health is a separate, distinct field from private medicine, Dr. Cox said. Both professions have their separate objectives, and distinctive methods of accomplishing them.

He declared public health's objectives to be:

1. Public education as to how to avoid disease by such means as vaccination against smallpox and typhoid fever and immunization against diphtheria.

2. Investigation of disease outbreaks.

3. Quarantine and isolation of communicable disease cases, thus preventing its spread.

4. Inspection of water supplies, and control over the safe production and sale of milk, drugs, and food products.

"But," the health officer added, "people get sick and accidents happen, and the job of curing and patching up is the business of the private practitioner of medicine — the family doctor and the specialist."

Doctors in private practice advocate public health principles when they urge mothers to have children protected against diphtheria and smallpox, and public health officials "need their help in the vital work of maintaining a high level of well being for all Texans," Dr. Cox asserted.

"We aren't in competition with doctors in private practice. Public health people deplore the idea of socialized medicine as unworkable, cumbersome, and totally inefficient."

"There is no place on earth that has a better system of medical administration than the United States. Private doctors deserve the credit."

"And there is no place on earth with a higher standard of public health. Public health people deserve credit for that," the doctor concluded emphatically.

FARM OUTPUT

Total farm output in 1950 was 37 per cent above the pre-war level of the 1935-39 period, although the 18,300,000,000 man-hours of farm labor was a new low. The use of tractors has more than doubled since 1941 and tractor fuel is now a key farm supply item.

WEST SIDE H. D. CLUB

REPORTS ON TWO MEETINGS

On March 21 the Westside Club met in the home of Mrs. E. N. Zachry with the president in charge. An interesting program on Women of the Bible was presented. Each member present read a scripture from the Bible. Refreshments were served to 13 members and 2 visitors.

On April 18 Mrs. Lewis Harvey was hostess to the Westside Club. After the president called the meeting to order, the group sang "The Eyes of Texas" and heard a program on Famous Texas Women. Mrs. J. D. Pruitt gave the council report.

Refreshments were served to 3 visitors, Mrs. Rose, Mrs. Chas. Bowers and Mrs. Ed Harvey, and to 11 members.

The next meeting will be on April 25 at 2 o'clock in the home of Mrs. E. N. Zachry with Ruby Zachry as hostess. Miss Patterson will demonstrate pattern alterations.

FOOD-INCOME RATIO

Despite the sharp increase in prices, the average consumer spent a smaller proportion of his income for a specified quantity of food last year than he spent in the pre-war years of 1935-39, according to the Agriculture Department. The average diet in the pre-war years was said to have cost \$118, or 23 per cent of the average income, while the identical diet would have cost \$245 last year, or only 18 per cent of the average income.

HYBRID CHICKENS

Results of research at experiment stations in twelve North Central states "indicate that it may be possible to develop hybrid lines of poultry which will greatly expand the productivity and efficiency of the poultry industry in much the same manner that hybrid corn has increased total corn production in the United States," according to E. C. Elting, acting chief of the Agriculture Department's experiment stations.

FARM LAND VALUES

Farm-land values reached a new high in November, 1950, according to statistics of the Agriculture Department. After a downward trend during 1949, farm-land values started to rise in 1950 and in November were one per cent above the peak of November, 1948.

Senator Karl Mundt, South Dakota Republican, is thinking seriously of creating a committee to accept donations and to organize a working alliance of rural Republicans and Southern Democrats in time to try to influence 1952 nominations. The Senator's idea is that conservatives of both parties need to get together.

As Americans who are spying for Russia tell their stories it is being discovered that some spies have been, and others apparently still are being, trained under the GI Bill of Rights. There is evidence that some spies in the network have been going to universities at U. S. Government expense.

Irving M. Ives, U. S. Senator from New York: "I doubt very much that most Americans want the conduct of a war left largely in the hands of the 531 Members of the Congress."

Nathan R. Sobel, New York jurist: "Judges must conduct themselves with dignity and not engage in and out of the court in staging disgusting spectacles."

Isn't it peculiar that the human brain begins to function from the moment you are born, improves as you grow older, then stops completely when you stand up to talk?

Editorials In Canyon News Are Given Praise

E. I. Hill, editor of the Lynn County News, Tahoka, writes an interest column in his paper each week, ODDS and ENDS (by E. I. The Elder.) Editor Hill is a brother of Dr. J. A. Hill of Canyon and recently visited in Canyon. He made the following complimentary remark about The Canyon News in a recent issue of his paper:

One of the first I picked up was The Canyon News owned and edited from time immemorial by that prince of weekly newspaper men, Clyde Warwick.

Clyde doesn't conduct a column but each week he has an editorial page that would do credit to many a daily newspaper. In fact, in our opinion, there are few daily newspapers in Texas that surpass in intelligence and interest Clyde's editorial page although frequently we do not entirely agree with many of the opinions he expresses.

Mr. Warwick expressed a disappointment and a peeve because so many weekly newspaper men no longer carry any home-grown editorials nor even a "column" usually supposed to be composed of lighter and often humorous stuff. We quote from his comments respecting this short-coming on the part of so many of his fellow newspaper men.

"H. M. Baggarly of the Tulsa Herald reports," Mr. Warwick says, "that he looked over twenty exchanges last week and found that The Canyon News was the only one which published original editorials. A lot of 'canned material' was published as editorial matter."

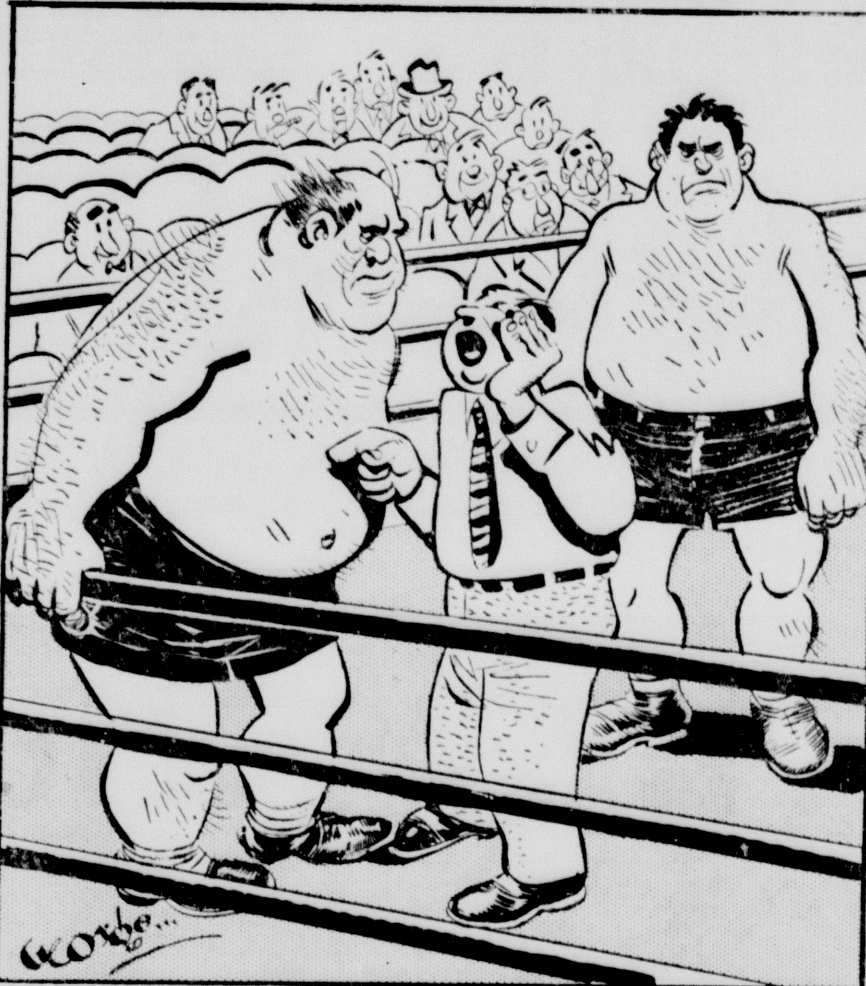

"Frankly we are disappointed that so many weekly publishers take no interest or pride in their editorials. For years we read more than 75 Panhandle newspapers week after week, trying to gather newspaper material. Those newspapers which have enterprising and readable columns written by the publisher have less need for editorials than those who never carry an editorial expression."

"We have always believed that the reader wanted to know what the newspaper man thinks. They have a right to disagree with his views but after all he is entitled to his say. We shall continue saying our piece, regardless of what others may think."

Well said, Clyde. We approve

Ticklers

By George

"Remember, the only language he knows is force!"

every word of your comments. In fact if a copy of The Canyon News should reach this office without an editorial page, we should feel very much as if we had met up with an old friend who had just had a leg cut off.

Of the weekly newspapers which come to this office, we always read first those which either carry an editorial page or a readable column or both. Then, if we have time, we scan hurriedly the other weekly papers for news items that might possibly be of interest to a goodly number of our own readers. But as a rule a newspaper without either a column or an editorial page is just about as interesting as last year's Ladies' Birthday Almanac, that is, to readers over across the county line.

President Truman calculates that he can maneuver Republicans into a position of support for bigger war, while getting himself and the Democratic Party off the spot as war sponsors and on to the spot as sponsors of peace. In their support for General MacArthur, who favors bigger war in Asia, Mr. Truman figures that Republicans will assume responsibility for favoring an expanding war.

Charles E. Wilson, Mobilization Director, no longer is "assistant President" for labor relations. Mr. Truman is dealing directly with a new advisory board, with labor-leader members, to shape board policy. The President, in the first board meeting, showed friendliness to the union-leader viewpoint.

Herbert Morrison, Britain's new Foreign Minister, helped to pressure Mr. Truman into trying again for a settlement with the Communists in Asia. The British indicated a readiness to give the Chinese Communists almost all they wanted from U. S. as a price for a truce. An effort to go part way with the British led up to the firing of General MacArthur.

Eric Johnston, Stabilization Director, is siding with labor leaders in support of a plan for a wage board with power to decide all types of labor issues. Employers have opposed giving a board power to deal with strikes, including power to order employers to accept a "union shop."

All we have to do, it seems, is to rearm the Chinese Nationalists and we won't have to wait long before the Chinese Reds have the arms.

No. 2302
CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: ADDISON P. McCASLIN
You are hereby commanded to appear before the Honorable District Court 47th Judicial District of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 31st day of May A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 21st day of April A. D. 1951, in this cause, numbered 2302 on the docket of said court, and styled Beulah McCaslin Plaintiff, vs. Addison P. McCaslin Defendant.

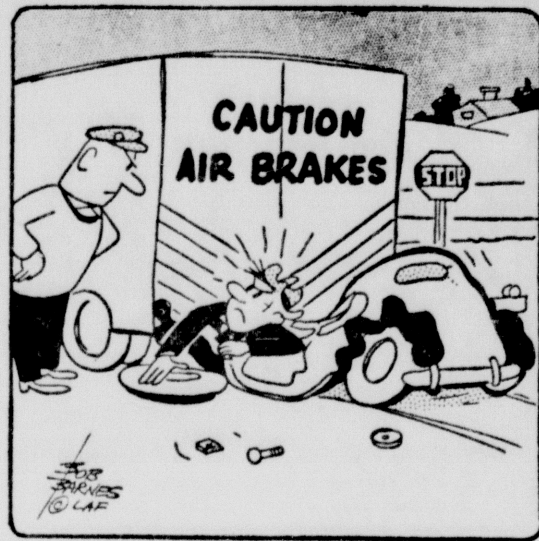

A brief statement of the nature of this suit as follows, to wit: Plaintiff and defendant were married on May 16, 1947 and plaintiff seeks a divorce from defendant upon the grounds of cruel treatment by defendant towards plaintiff of such a nature to render their further living together as husband and wife insupportable and the further grounds that defendant left plaintiff for three years with intention of abandonment; plaintiff also seeks restoration of her former name, to-wit Beulah Gray; no child nor children were born as issue of said marriage and no property right to be adjudicated; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

ISSUED and given under my hand and the Seal of said Court, at office in Canyon, Texas, this 21 day of April A. D. 1951.

ATTEST
(Seal) ETHEL MULLINS,
Clerk, 47th Judicial District,

NEW PAIN-KILLER

A new pain-killing drug, said to be more powerful and longer acting than morphine, has joined the group of synthetic drugs which now make the U. S. independent of foreign sources of opium and its derivatives, morphine and codeine. The new

drug, which has the trade name of Dromaron, is not yet on the market.

Build Canyon

- A strong Recreation Program is a good thing for Canyon and Randall County.
- A few dollars invested in this program will help the boys and girls — the young people who soon will be running the affairs of Canyon.
- Help make Canyon a better town in which to live.

Canyon Community Recreation Program

DEDICATED TO THE YOUTH OF CANYON

Recreation: "An Investment that promises to return dividends in the future welfare and conduct of the city."

Your Recreation Program begins its second year of operation. It has been supported by a limited number of organizations in the past. To assure the children of Canyon an opportunity to participate in a growing and vital Recreation Program, you are invited to join the following in accepting responsibility for its continuance during the coming year:

- Lions Club
- Rotary Club
- P. T. A.
- Men's Fellowship Class
- Neblett Hospital
- Harmon-Toles Implement Co.
- Happy Implement Co.

Canyon Community Recreation Council

PLEASE SIGN AND RETURN THE FOLLOWING BLANK

To The Treasurer, Canyon Community Recreation Council:
